

Thinking about returning to college? We'll help you make it affordable! YeSU!

Is the thought of paying private college tuition holding you back from furthering your education? University College of Syracuse University can help you overcome that hesitation and get started on the journey to a Syracuse University degree.

UC's part-time undergraduate tuition rates are comparable to other private institutions in our region. We can make it more affordable than you ever imagined, and not just with loans that must be paid back. People like you are able to attend SU without taking on unmanageable debt.

The key is to work with the knowledgeable and helpful financial aid advisors at University College, who walk you through each step of the process. They'll help find grants and scholarships you didn't even know were available!

Here are some real life examples of people like you—people who thought they couldn't afford to return to college but discovered that University College can make that SU degree a reality.
